Application of California-American Water Company (U210W) for Approval of the Monterey Peninsula Water Supply Project and Authorization to Recover All Present and Future Costs in Rates

Application
(Filed April 23, 2012)

**NOTICE OF AVAILABILITY OF APPLICATION FOR APPROVAL OF THE
MONTEREY PENINSULA WATER SUPPLY PROJECT OF CALIFORNIA-
AMERICAN WATER COMPANY**

Pursuant to Rule 1.9(d) of the Rule of Practice and Procedure of the California Public Utilities Commission (“Commission”), California-American Water Company (“California American Water”) hereby provides notice that it has electronically filed with the Commission’s Docket Office its **Application for Approval of the Monterey Peninsula Water Supply Project and Authorization to Recover All Present and Future Costs in Rates** (“Application”).

The Application requests pursuant to Sections 451 and 1001 of the Public Utilities Code and Articles 2 and 3 of the Commission’s Rules of Practice and Procedure approval of the Monterey Peninsula Water Supply Project (“Project”). The Monterey Peninsula Water Supply project will allow California American Water to meet the State Resources Control Board requirement to find a replacement for approximately 70 percent of its water supply by December 2016. California American Water is also seeking modifications of existing cost recovery mechanisms to allow recovery of the cost of the Monterey Peninsula Water Supply Project in rates and interim relief related to rate recovery for a test well and other pre-construction activities associated with the Project.

The Application, appendices, and supporting testimony are available on California American Water’s website at the following link:
